

Creation Care Household Energy Conservation Pledge

As people of faith, it is our responsibility to care for – and not to waste - God’s gift o creation. As a member of _____, I pledge to reduce my energy usage, and thus help to preserve this gift for future generations.

I will aim to take measures to reduce my / our energy usage by at least a seventh – 14% - from the norm for a Hoosier household.* I understand that I don’t have to do this alone.

_____ will do all it can to support my efforts to conserve energy.

By taking this pledge, I join with many others in our holy community and across the state to serve as an example for all of Indiana. Together, we will heed the call to care for God’s gift of creation.

Member / Household Name

Date

* This simple online sample survey will let me know how much I’ve already conserved – https://iucsr.az1.qualtrics.com/SE/?SID=SV_0oXbW3VkJPrIfkF. When I’m ready, I can take the actual survey – which is identical – to show that my household has met our pledge - https://iucsr.az1.qualtrics.com/SE/?SID=SV_8dWOX7oGRD4B35q.
